To S. H. & H. Chapman.

You will see by this Bill that you have between the No of 488 and 1276. made a charge of No 624 twice of one dollar each time (what does it mean) I only got 8 coins in all, 5 numbers, you will see by this bill, that I am charged too to much, make me out a new bill right, also please make me a separate bill for boughten book 1.25 No 6.24 I cant make any thing out of it, the books you see what it says about it and call it fine It is barely good, but as it is, you sent a little piece of paper in the envelop and called it Louis VIII 1223 to 1226, Now I cannot find it in

Scotts Silver coin book of 1893.

I looked for Louis VIII - 1223 to 1226
also Charles VI - 1380 to 1422 I should
like very much to know where to
find it in Scotts book. that book
gives every thing, I am told, I looked
on page 96. France, in the coin book,
can find nothing in regard to it.
No 284 is same as 1276. I don't ^{want} both
I am satisfied with 1276. both are
nice. 284 one is good the other
only fair it is not good enough
to match the other one as a pair that
is called Good. The birds arrived
late for the first days sale. so I was
not in it, you was not in any
way obliged to buy for me after the
sale. Only during the sale, and of the
stock of the sale only. I will sell them
if I can one is to poor so it will

be hard to sell them, can you
send me a better one to match
the good one. I will say that
Doughty book came all right,
cant you find me a better
No 624 on that is not so
bad if you could find me
a fine one one that is really fine
not cut, perhaps I would take
it, also tell me about it in
Scotts book. answer soon.

Yours Truly,
E. A. Butler
